un proyecto, las armas...

The screenshot shows the homepage of the MERiX website. At the top, there is a navigation menu with links for 'Company', 'Our portfolio', 'News', 'Web standards', 'Contact', and 'Blog', along with a 'Home page' link. The main content area features a large banner with the text 'We listen carefully to our clients' and an image of headphones. Below this, there is a 'News' section with a list of articles, a 'Projects' section with two featured projects, and a 'Why us?' section with four numbered points. On the right side, there is a 'Questions? Doubts?' form with fields for 'Name and surname', 'E-mail address', and 'Your message', and a 'Send it!' button. The footer contains copyright information, validation links, and contact details.

A We listen carefully to our clients

News

- 2006-07-28 / The Starachowice Special Economic Zone, Inc.
- 2006-07-17 / Constructa
- 2006-07-03 / The Association of Polish Wholesale Markets
- 2006-06-27 / Carpets and flooring reseller
- 2006-06-25 / Mercure group

Projects

Dom Finco
Website design and development for a financial broker from Poznan. Great wealth of information on property financing, leasing, and...

Business Builder Online
A page on which registered users have an access to complex calculating tools that make an accountant work easier.

Why us?

- 01 Our sites are always designed with web standards in mind; we make sure they are easily updateable, professionally programmed.
- 02 We use white-hat SEO techniques to ensure that our websites reach and maintain high position in search engines.
- 03 It is not advanced users, but ordinary people whom we design websites for. We try to make them as intuitive and functional as possible.
- 04 We know, that the main purpose of a website is to deliver information; graphic design should not stand in the way but help to achieve this goal.
